We Wait.

And Wait.

.....He's Here!

On Wednesday, December 19, 1984 there was a special assembly. We saw SANTA CLAUS. Only instead of coming by eight tiny reindeer, he came by Jerry Foster's helicopter. But we know what Santa Claus' real name is Vickie Faber.

Mr. Garity helps Shawna Oksanen with her assignment during 1st hour General Science class.

Ms. Berg's 1st hour Dance class watches as Stacie Rivero demonstrates an attitude step.

This is Mr. Huff's 1st hour World History class. The least they could do is wake up.

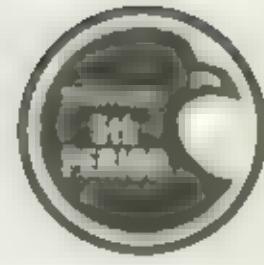

Mr. Page's 1st hour Earth Science class ~~isn't~~, ~~isn't~~ ~~any~~ ~~bit~~ ~~boring~~.
Predictions. Sounds boring, huh?

The All Star basketball game brought out a lot of excitement from the students. Some people watched the game while others ate pizza and danced to the music that Student Government provided.

Mr. Howell's Biology class hard at work

'Come on people, we know you're not studying!'

Ms. Cogan explains about registration for next year as Suzi Beabout sleeps against the wall.

This is Mr. Salviano's Business Machines class. Don't you know you're not supposed to have tape players on campus?

On one of our more exciting days at Traditional, Student Government put together an extended lunch hour with music, food, and dancing. As you can see most people participated in the activities.

1. Coach Cox congratulates the players of the Intramural Basketball teams.
2. "Privileged" seniors get to sit up front
3. Mrs. Braden gives thanks for all the good work done by the Sun Dial staff.
4. Yearbook Staff puts on a skit during one of the assemblies
5. Everyone claps except Janice, who is undecided

- 1 "Wake me up before you go go"
- 2 "But Rika I saw you dancing with him!"
- 3 "Please dance w th me?"
4. Conversation takes up a lot of the time at the dance
5. We can never get her out of the way of the camera

1. An intramural softball team looks on while waiting for their turn to bat
2. Armando coaches James before his turn to bat
3. James takes his best shot
4. Esther watches in amazement at the ball James just hit
5. And he's out, even before reaching the base
6. If Danny strikes out, can John catch the ball
7. Everyone waits for the ball

1. "No, I'm not an airhead!"
2. Lori puts a lot into her performances.
3. There's Rika again.
4. "But I don't want my picture taken!"
5. Everyone seems to be having a good time except for Jerry, who seems to be dancing with himself

1. Mr Stewart invited our superintendent, Dr Dyer, to his Senior English class to hear debates given by some of the students
2. Yearbook Staff's nominee for "Most Gorgeous Senior!" Not to mention "Best Debate Listener."
3. John Jamieson gives his class a speech on the merits of Traditional High School
4. Seniors listen to all that is said during a debate on Traditional High

1. The wedding guests make their way to the reception hall
2. "Of course we'll get married, Beth!" (HAI! HAI!)
3. "Rika Lien, do you take Richard Castillo to be your lawful wedded husband?
UH . . . Well . . . !"
4. Rika Lien's famous wedding cake was gone before the "I do's" were said

4

Ms. Berg helps Diana Trim at the bar during 1st hour Dance class

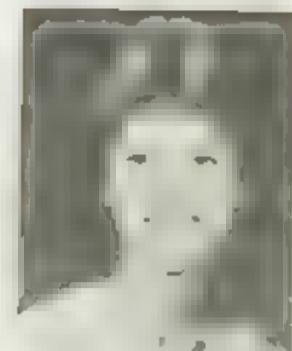

Mr. Stabile's 6th hour Algebra 34 class. Danny Angulo looks like he's the only one paying attention.

"THE CURIOUS SAVAGE"

- 1 Yes I'm still a virgin
- 2 I have one of the two's
- 3 I'm not doing the dishes now
- 4 I'm doing my makeup
- 5 "But I've never been to a bar or a club
for a television show."

'SISSY' STEVENSON

This is the last year of the Westerner, and out of the two years I have been on the Yearbook staff, this year has been the best.

The contents are more exciting, pictures more candid, and with the help of our new and last sponsor, Mr. Ihms, we have put together a creative and fun yearbook.

I would like to thank all of the Yearbook staff for continuing a school tradition.

Our memories of yesterday will last a lifetime. We'll take the best, forget the rest, and someday we'll find

Those who remember the good times, look forward to a better tomorrow, but those who remember only the bad times, dwell in the past. I hope we all remember the good times, our friendships, and our memories.

These are the best of times

A handwritten signature in cursive script, appearing to read "Sissy".

Dr. M.A. Jones
Principal

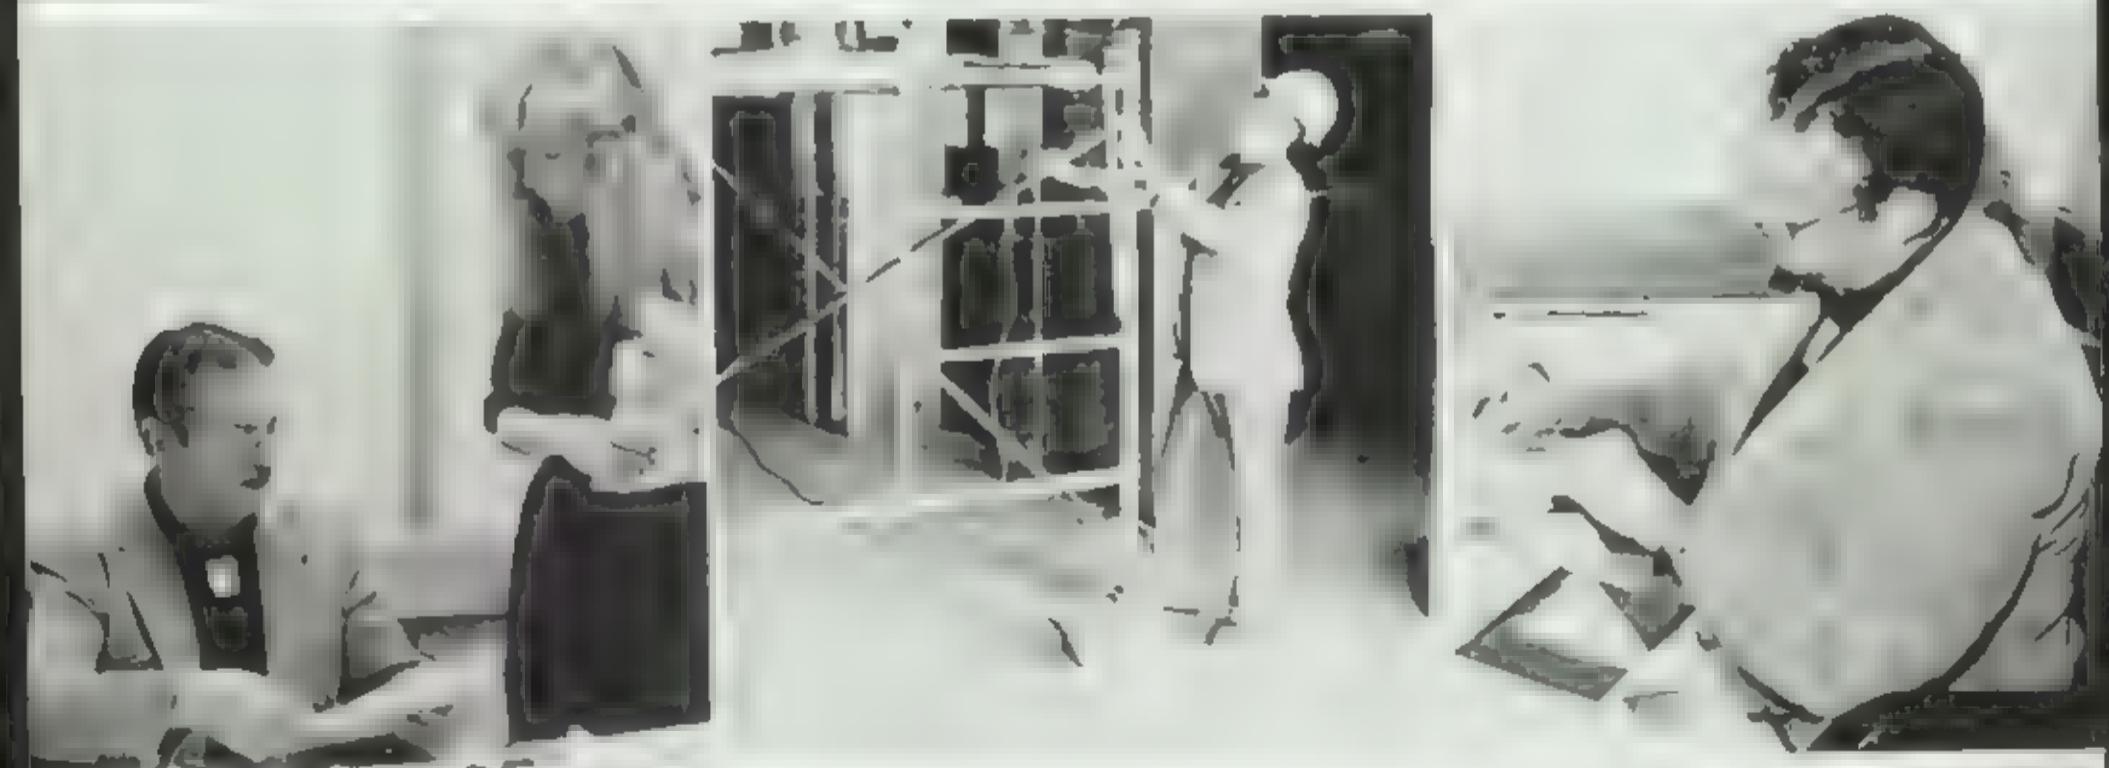

The 1984 85 school year has been a year each of you will remember. You will look back with smiles and frowns. The smoke, the dust, the disappearing stairways, the vanishing walls, the fire alarms and once in awhile, a bit of noise. You have, however, adapted to the total situation in style

You have participated in various activities, contests, intramurals, and assemblies that have helped make many of you leaders.

In the future, as you pass this campus, you can say, "That was my school, I was part of the development of that campus, it was there that I became a part of Phoenix future".

Be proud of your years at 19th Avenue and Thomas Road and of your successes at Traditional

"All the news that's fit to print." The New York Times uses this motto, and while the Sun Dial is slightly removed from the Times, it still has a long tradition of doing a good job of getting the news to the West High campus.

The experiences of Sun Dial staff members have been real-life experiences of being responsible for a paper that goes out for everyone to see and read. The Sun Dial continues through the abilities of those who have made it an important part of West High life.

Spirit Line

This year started off pretty rough, and these girls had to stick together to pull it through. Even though their main goal was to bring spirit into Traditional High, it was hard to do with the lack of participation at the school activities. They performed at all of the pep assemblies and cheered for the intramural games. They also held a car wash and bake sale to help raise money for their cheer uniforms. Hard work and a lot of practice are what these girls are all about.

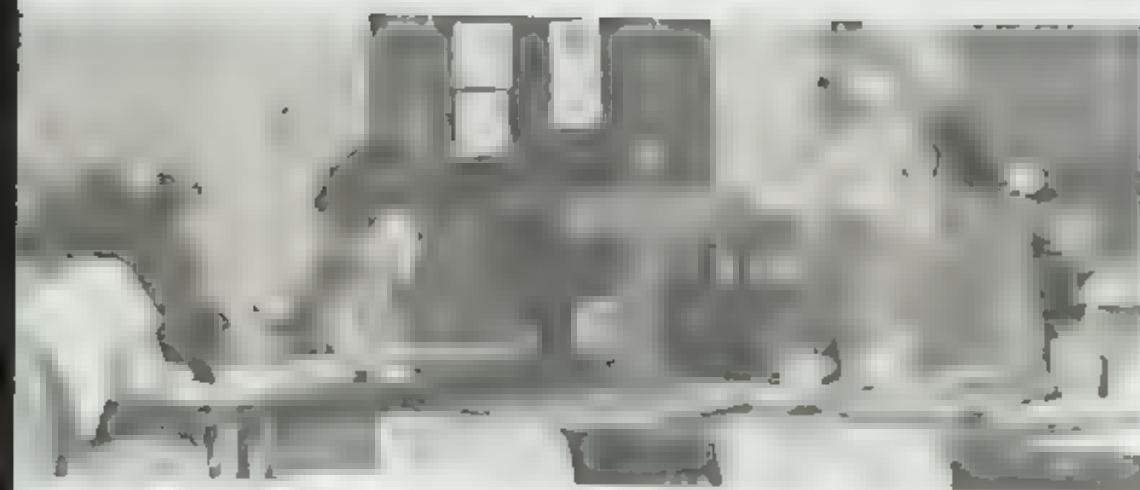

1. It was finally time to order rings from Jostens. Don't they look enthused?

2. Doesn't your mommy know that you don't bleach Levi's

3. Everyone looks hard at work here even Ms. Braden

4. Steven Ross really looks like he's enjoying his book

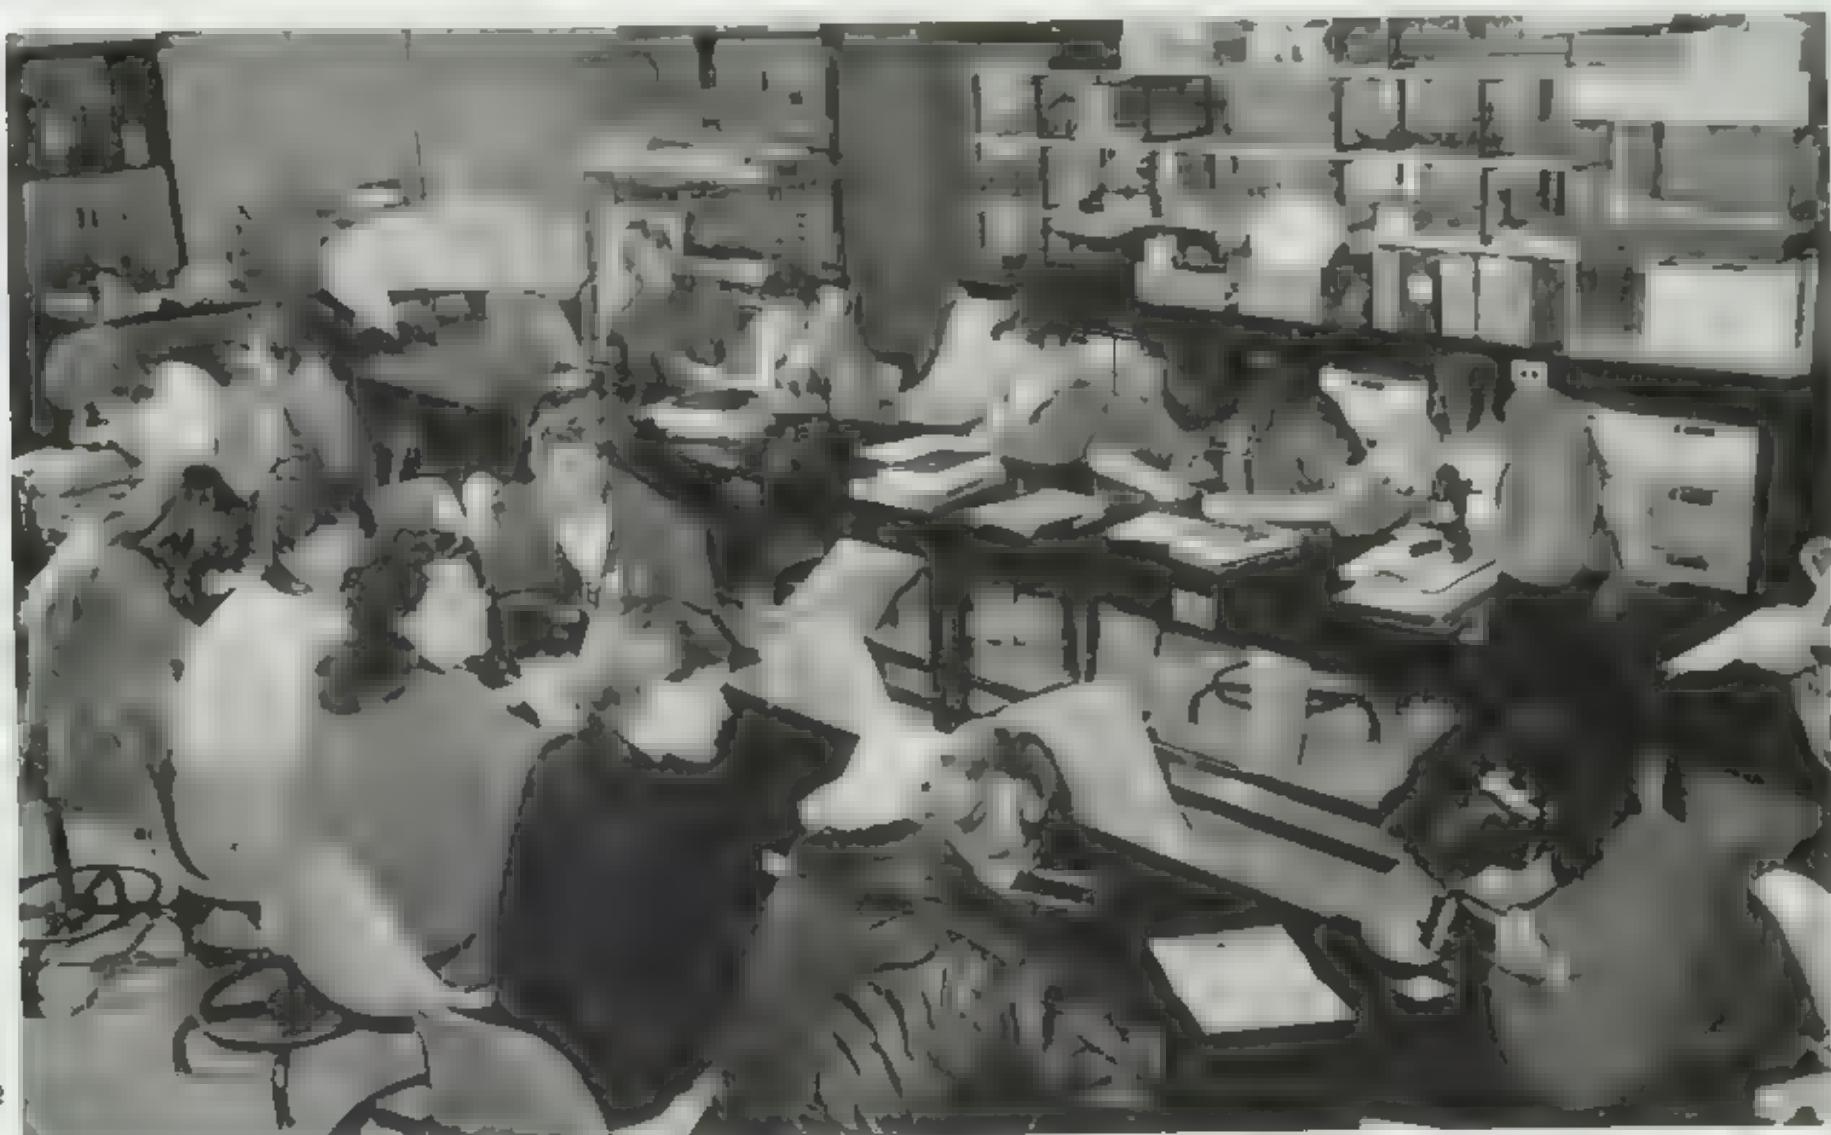

Ms. Cheney's 2nd hour Reading class
working on the r basic skills.

Mr. Howell's 2nd hour Biology class
learning the structure of a leaf.

Mr. Page's 2nd hour Chemistry class massing carbon dioxide in a plastic bag. If these are the highest science students, why do they look so confused?

Mr. ihms' 3rd hour Photography students learning to print pictures

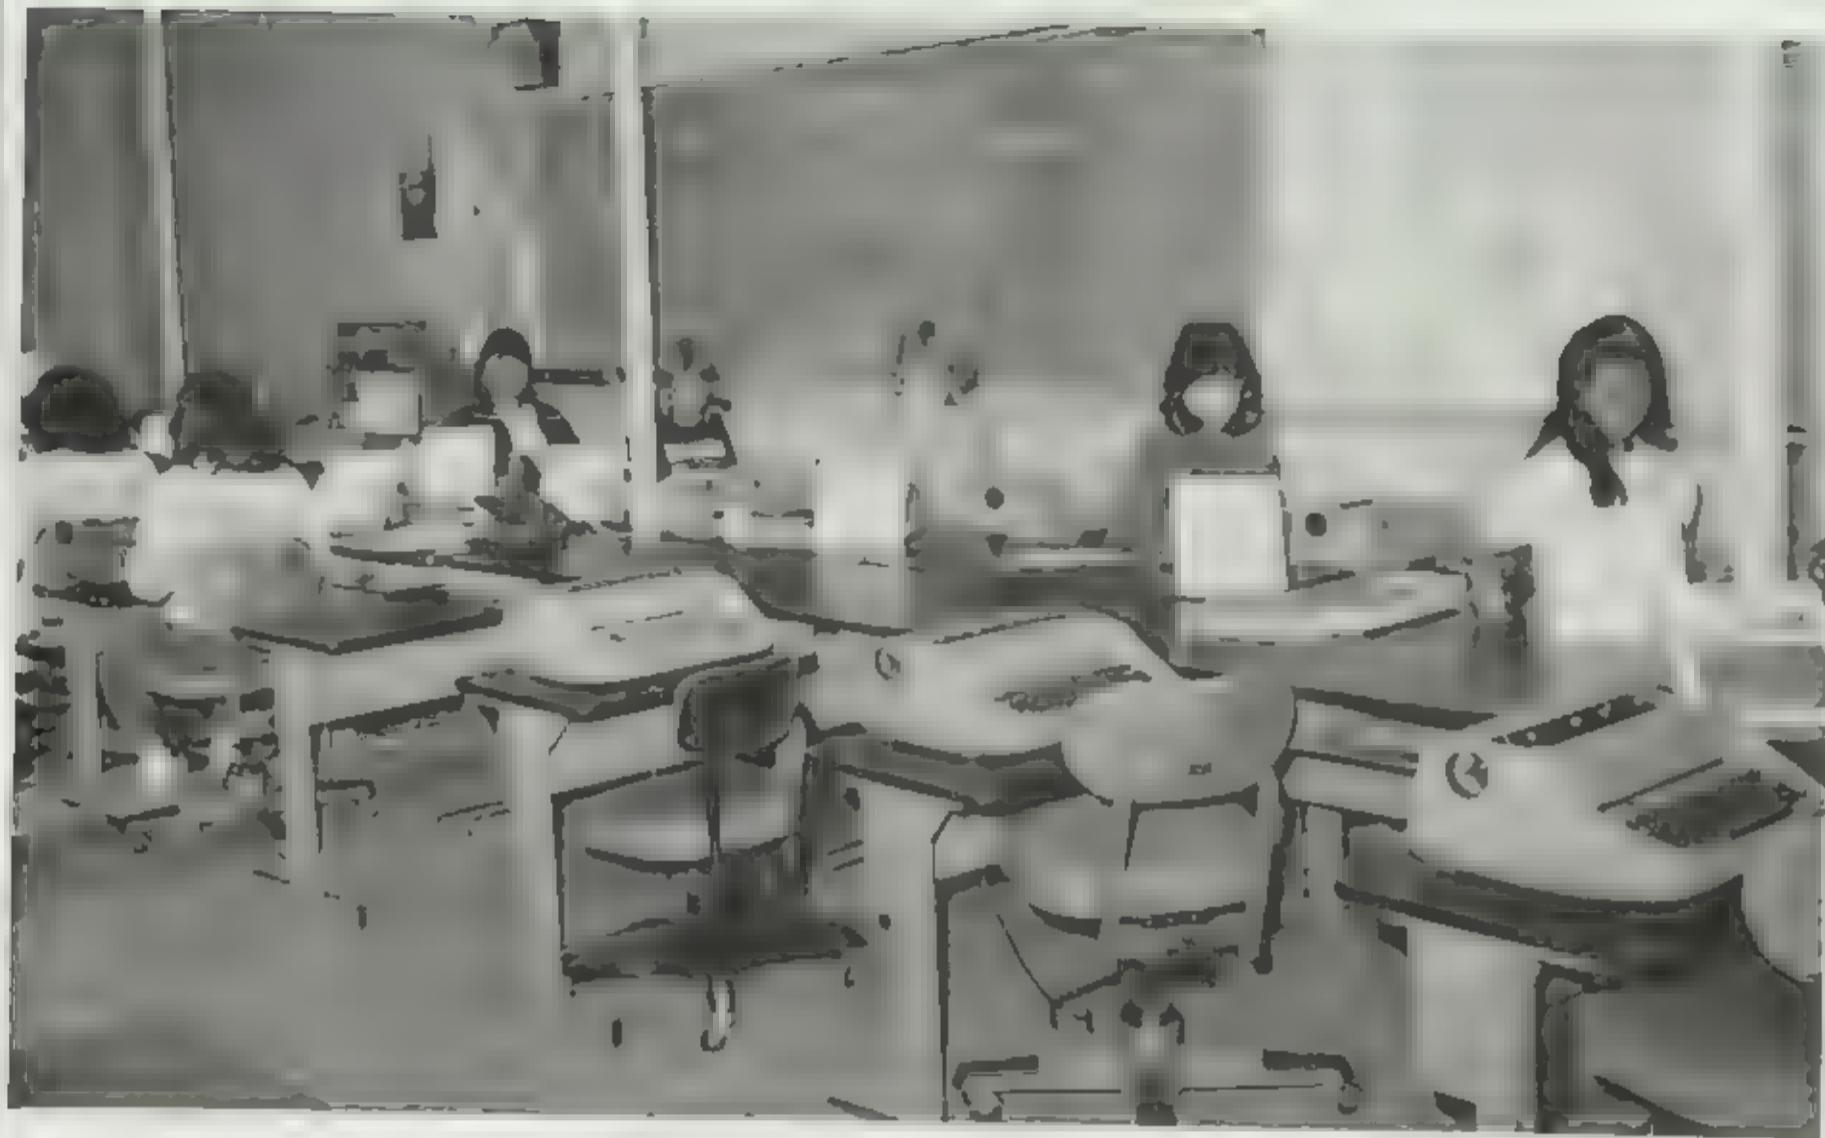

Coach Cox helps David Jenkins with his health assignment as Little goes from Shawna again

3rd hour Human Relations holds a class discussion. Come on Staci, we know you're not that enthused.

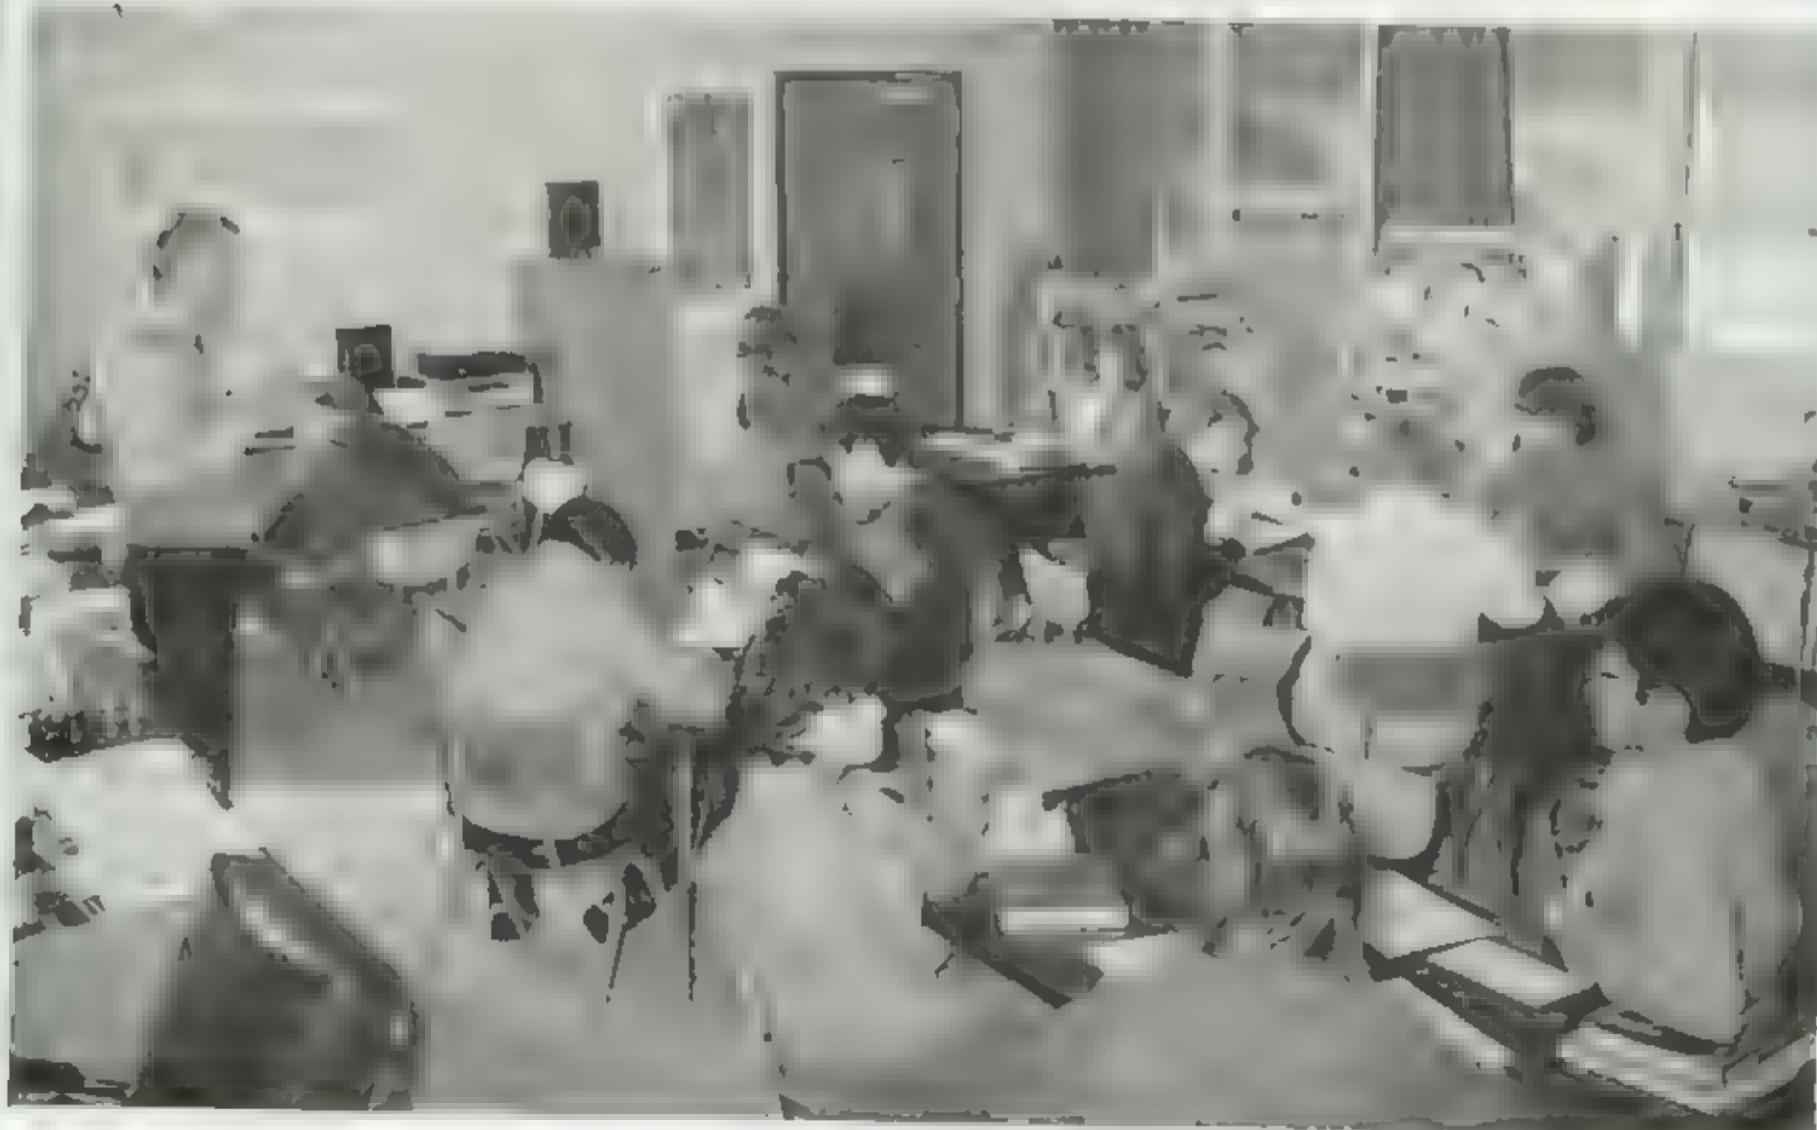

Students here are learning to type a business letter. "Dear home school, I would like to return."

Mr. O'Hair talks to Mrs. Braden's English class about registration. As usual, he had everyone's undivided attention.

Mrs. Braden's 2nd hour class is busy at work writing in their journals

Mr. Ihm's Photography class listens to a speech about "How to use a camera"

First hour Dance class practices pas de bourrées

1st hour American History class works on their worksheets while Mr. Foote helps Steve Schieszer and Marvin Jacquez

Mr. Agee's English 1-2 class is busy
studying for a literature test

As some of you already know, Mr.
Ihms hypnotizes his class to listen to
him. Senina Woods is the first to go.

"Togetherness is a virtue!" (But Ban
rol on always works!)

Ernest Bevers looks like he doesn't
believe a word the teacher's saying

Coach Cox explains to his 6th hour P.E. class that you hit the ball with the racket, not with each other.

Mr. Howell's 6th hour Biology class studies diagrams of leaves in their microscopes

Rika Lien, Suzi Beabout, and Linda Kiphart lead 2nd hour dance class as they do chasses across the floor

Mr. Stewart seems to have the attention of the senior's, except for Dorothea Alcordo, who finds her nails more important

4th hour Clothing class is busy working on their individual projects

Mr. Ihms Art class working hard at drawing stairs during 6th hour

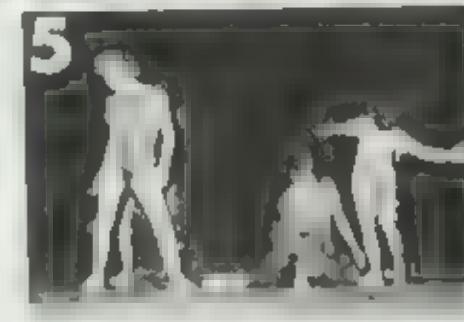

Mrs. Braden's 3rd hour English class
filling out registration papers for
next year

Students working in the library dur-
ng 4th hour. Do you think they're
working hard or hardly working?

ASSEMBLIES

1. Lori Pechac tries to find a seat at the movie theatre in a Drama skit. She can't seem to find one.
